

Careers in Digital

Imagine what you could do at Novartis. No matter where you work, you could contribute to solving some of the toughest healthcare challenges and have an extraordinary impact on people's lives. Join us.

Through the use of analytics and advanced technologies we are fundamentally transforming how we deliver innovative science, operational excellence and more personalized customer experiences.

How do we aim to do it?

- Using enhanced predictive power with our 20 petabytes of patient data to develop new medicines and bring them to market faster
- Optimizing and automating processes in order to drive breakthrough innovation and operational excellence
- Partnering with the global healthtech ecosystem

Join us in building the leading medicines company powered by data and digital.

Bring your skills and help transform the future of health.
